

CCC ONE® – Vendor Configuration

Introduction This job aid reviews how Repair Facilities (RF) can configure vendors in CCC ONE desktop or cccone.com. It provides information on how to:

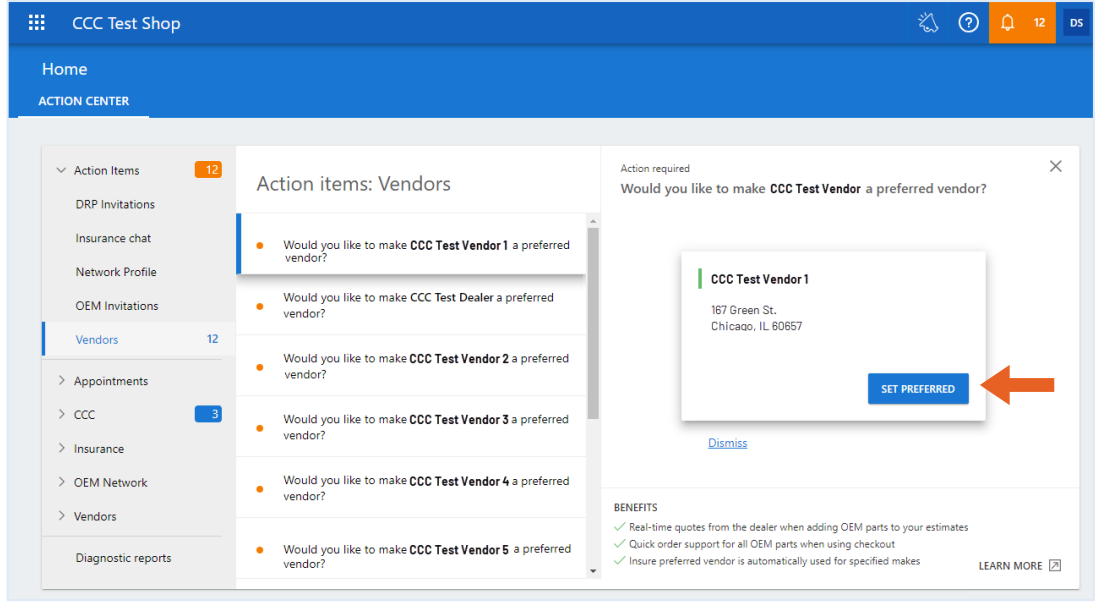

- Activate new electronic vendors based on vendor requests.
- Locate and configure vendors in CCC ONE.
- Set vendors as preferred.

Activating New Electronic Vendors Vendors can send a request to a RF that they be added to RFs vendor list. RFs can use Action center in CCC ONE or cccone.com to view these vendor requests. This section covers how to activate these vendors as new electronic vendors in CCC ONE.

Step	Action
1	<p>Access the Action Center. You can access it two ways:</p> <div><div>In CCC ONE desktop, select the banner from top right.</div><div></div><div>In cccone.com, select the Bell icon.</div><div></div></div>
2	<p>Highlight Vendors to choose the vendor from the list and then select Activate.</p> <div></div> <p> You can also select Dismiss to decline vendor activation and clear from Action Items.</p>
